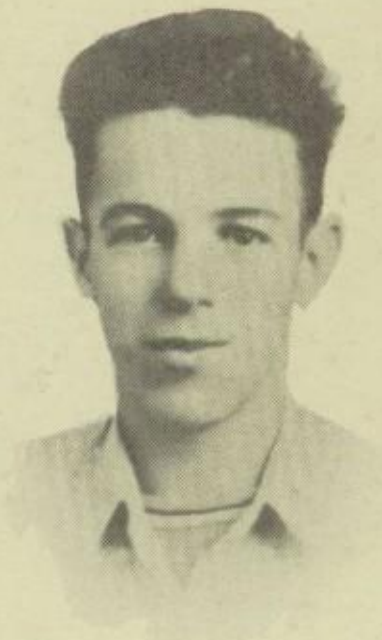
In Memoriam

Dorothy Rambo



Ralph Presser Jr.

In Memory of
Dorothy Louise Rambo
and
Ralph "Jim" Presser, Jr.

By Lewis Gwinn
Lapel H. S.

The old home town has changed completely
Since you have gone so far away
Seeing you no more 'tis lonely
As we go to school each day.

And your chums are planning leaving
For they graduate this spring
And there's something sort of lacking
Since you're not in the ring.

But they must prepare for living,
And they have to make their way
So let us just say, "I'll see you"
In that glorius and some day.

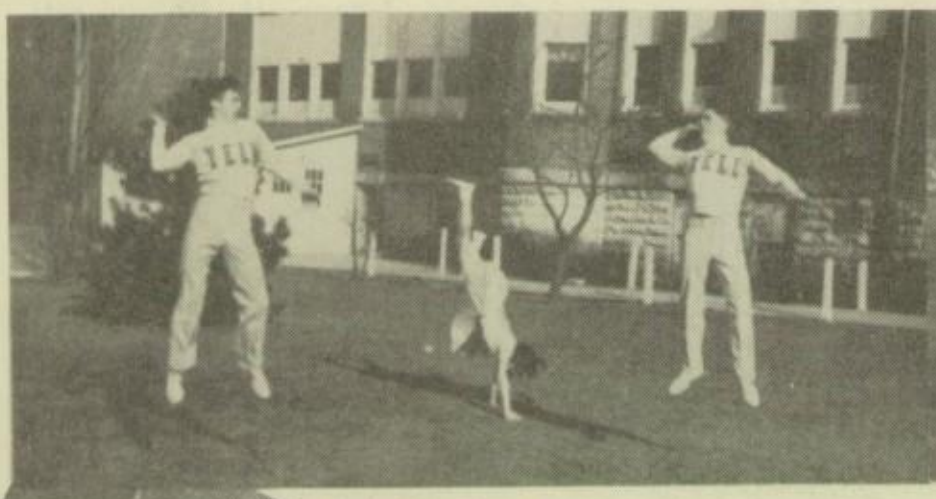
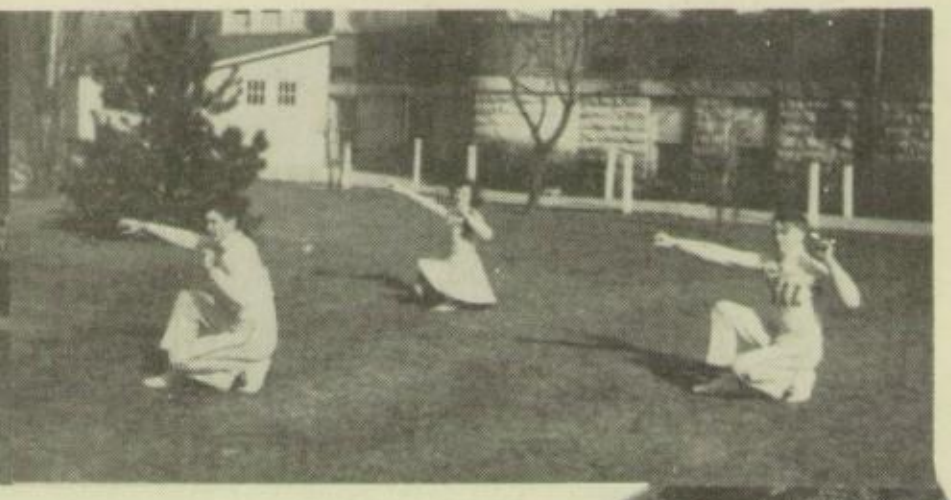
SPORTS

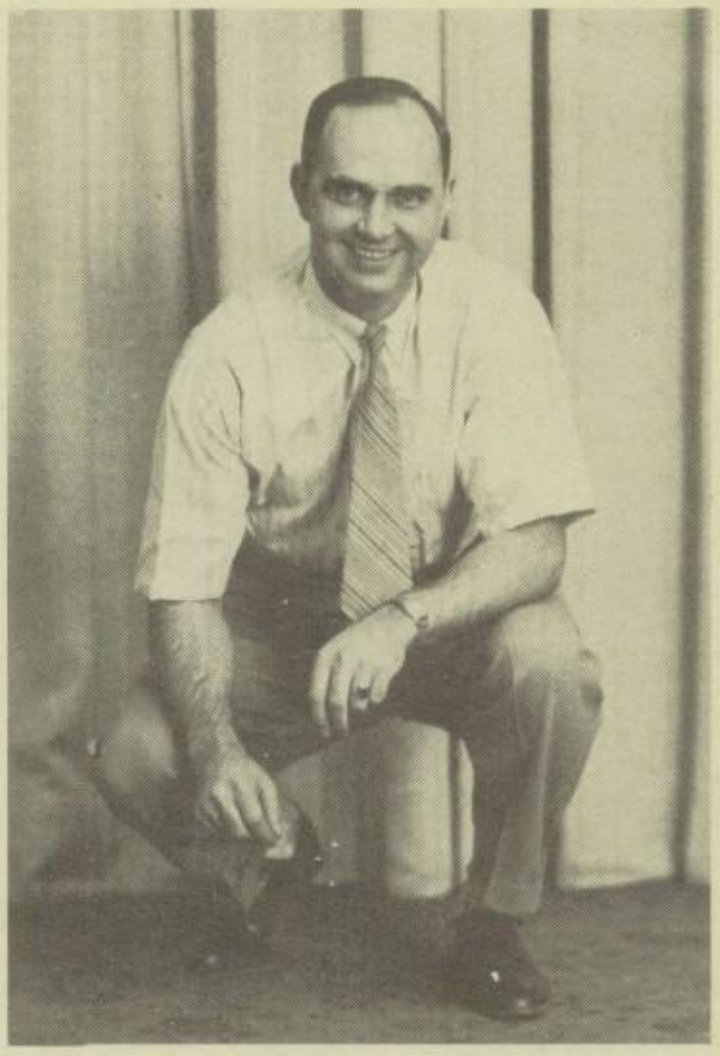
YELL LEADERS

YELL LEADERS

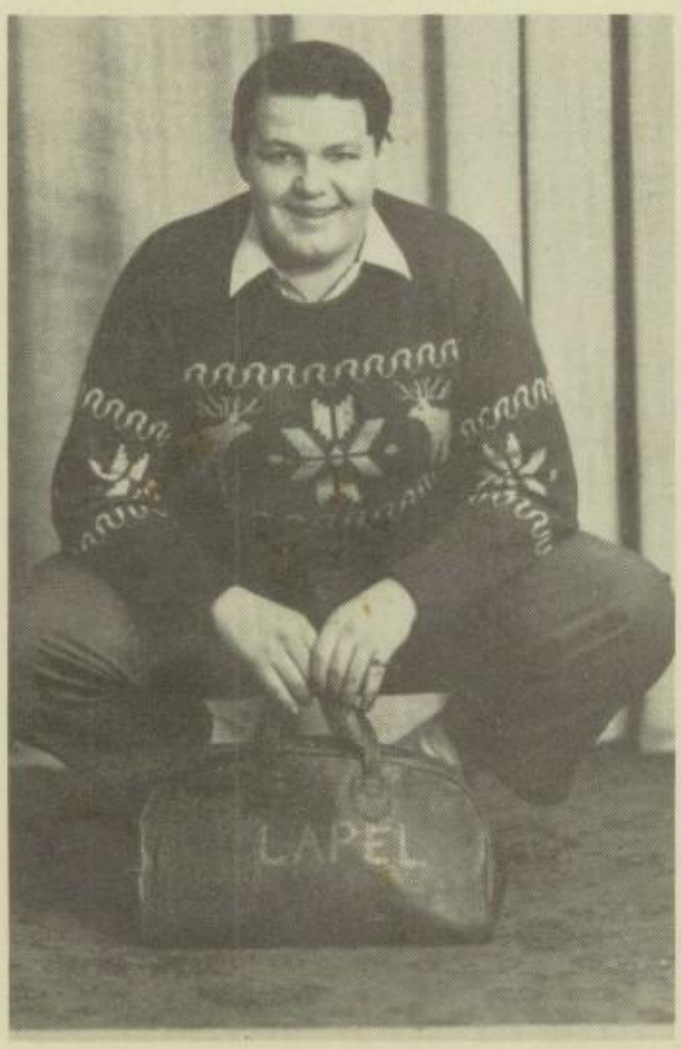




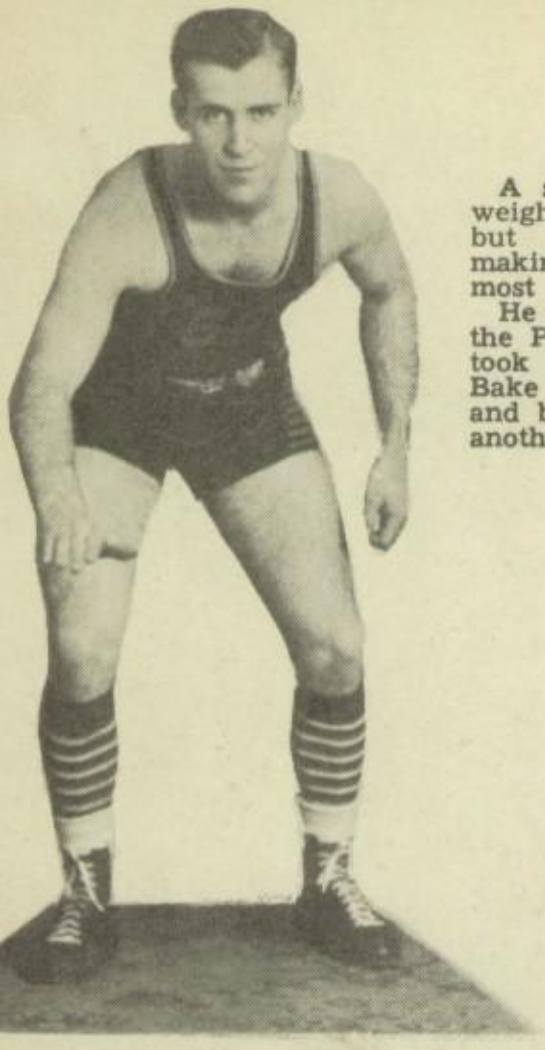
Henry Graham, Rosemary Smith, Robert K. Turner



Orville Armstrong coached the boys through a successful season, winning half their games, the Pendleton Invitational, Sectional, and Junior High Tourney. Good work, "Army"!



Norman "Goosie" Woodward for two years has been student manager for the baseball and basketball teams. This means a lot of work and a little honor or praise for poor, frail, little "Goosie."



"Bake"

CHARLES BAKER

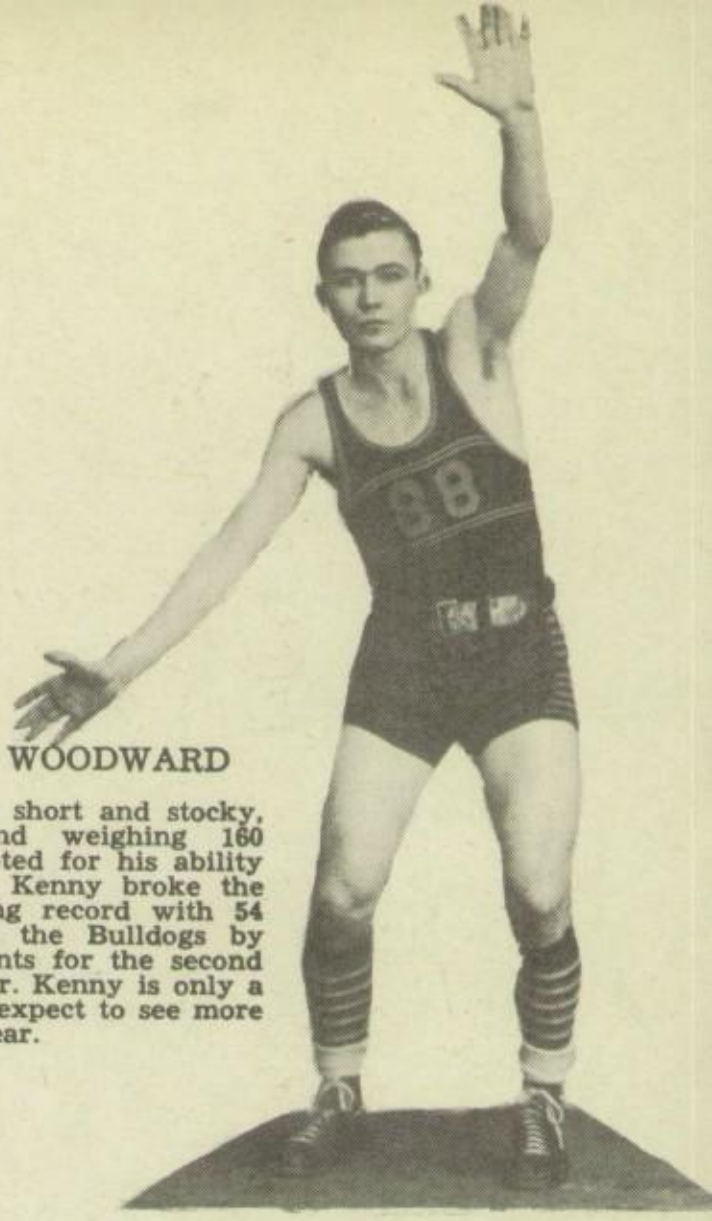
A stocky forward, 5' 10" tall, weighing 170 pounds, was a slow but steady ballplayer, always making his share of points when most needed.

He was especially outstanding in the Pendleton Tourney where he took Tourney scoring honors. Bake scored 118 points this year and being only a Junior, he has another year with the Bulldogs.

"Smitty"

HENRY SMITH

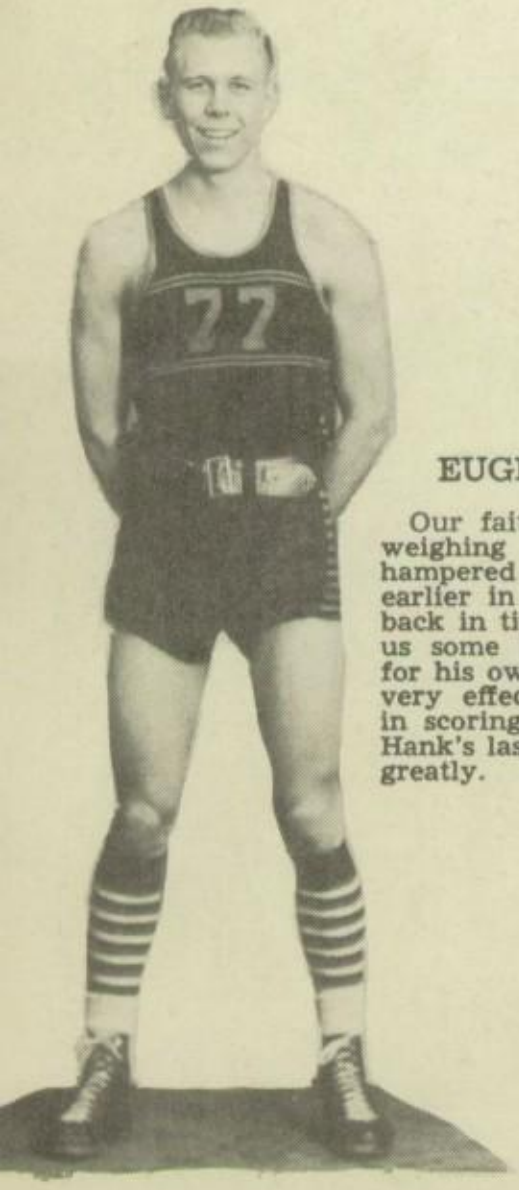
Our center, 6' tall and weighing 170 pounds, used his height to much advantage even though several of his opponents were taller. A lot of credit is due to Smitty for winning the Sectional because of his fighting spirit from start to finish. Smitty scored 117 points this year. This is Smitty's last year and he'll be missed very much.



"Kenny"

KENNETH WOODWARD

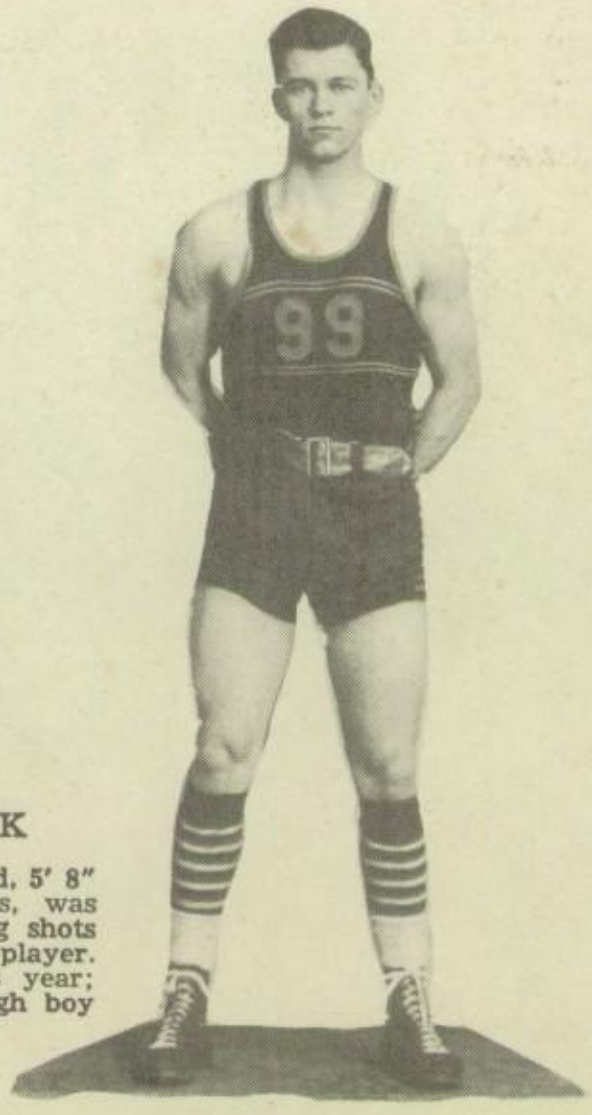
Kenny, being short and stocky, 5' 9" tall and weighing 160 pounds, was noted for his ability to keep going. Kenny broke the Sectional scoring record with 54 points. He led the Bulldogs by scoring 262 points for the second consecutive year. Kenny is only a Junior and we expect to see more of him next year.



"Hank"

EUGENE GLADBACK

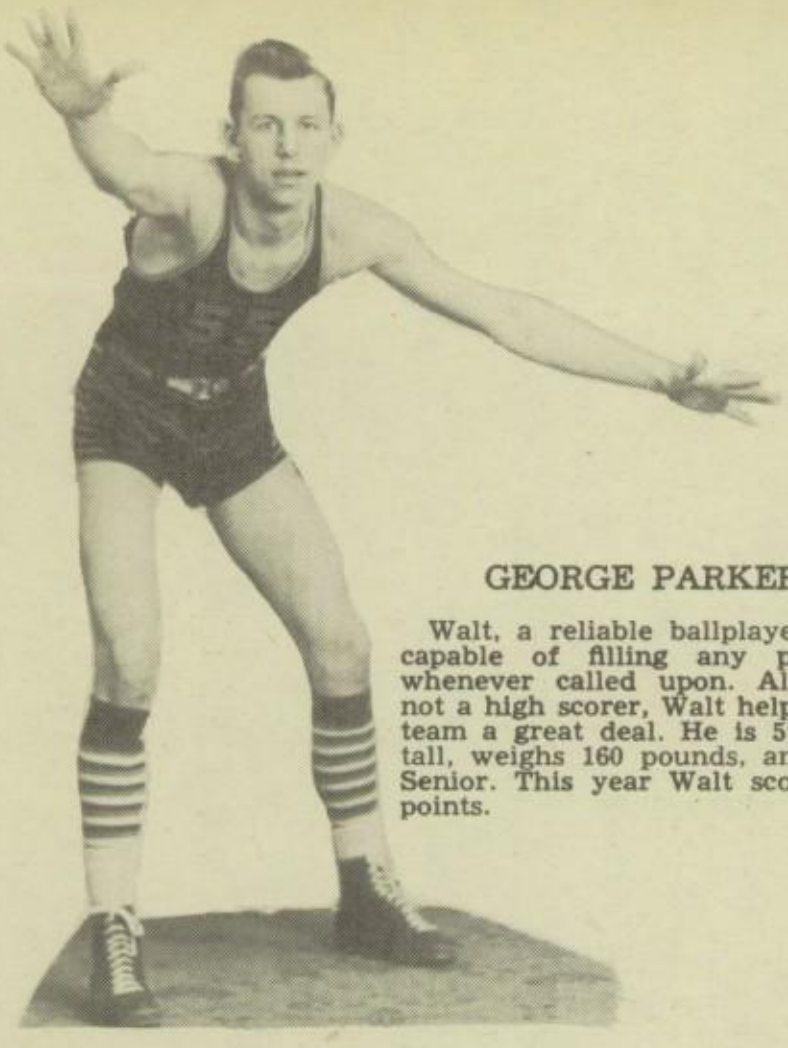
Our faithful guard, 5' 11" tall, weighing 165 pounds. Although hampered with ankle injury earlier in the season, Hank came back in tip-top shape and showed us some basketball. He is noted for his own style of shot which is very effective. Hank was second in scoring with 132 points. Being Hank's last year he will be missed greatly.



"Hib"

HILBERT REDDICK

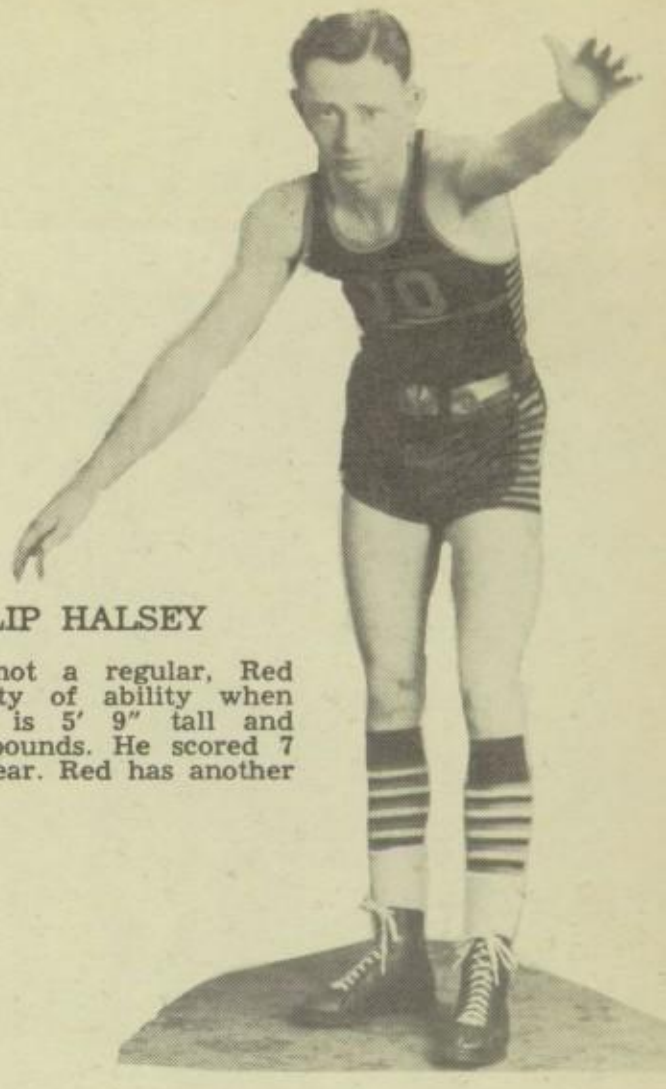
Hib, a small speedy guard, 5' 8" tall, weighing 150 pounds, was especially effective on long shots and a very good defensive player. Hib scored 50 points this year; being a Senior, he's a tough boy to lose.



GEORGE PARKER

Walt, a reliable ballplayer, was capable of filling any position whenever called upon. Although not a high scorer, Walt helped the team a great deal. He is 5′ 11½″ tall, weighs 160 pounds, and is a Senior. This year Walt scored 53 points.

"Walt"



PHILLIP HALSEY

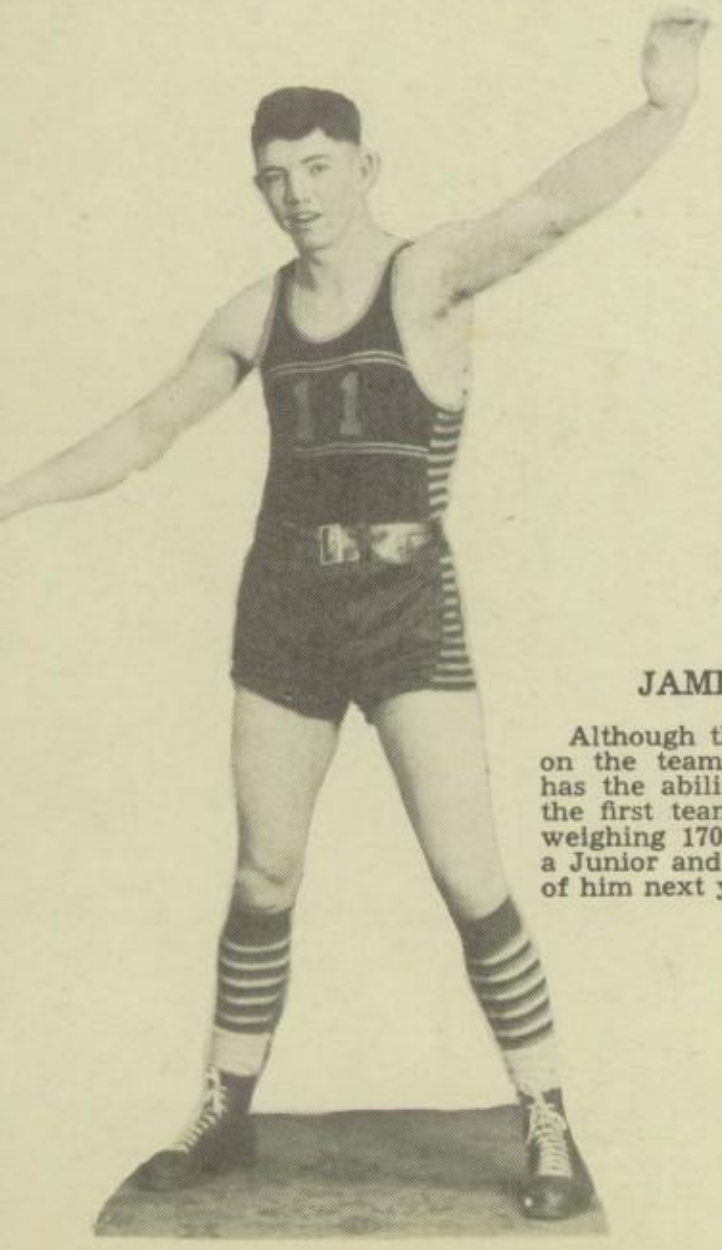
Although not a regular, Red showed plenty of ability when playing. He is 5′ 9″ tall and weighs 135 pounds. He scored 7 points this year. Red has another year yet.

"Red"

MAX McCAIN

Jack was the tallest man on the squad this year, being 6′ 1″ tall, and weighing 160 pounds. Although only a Freshman he ranked in the first ten and was capable of filling in at center very effectively. He scored 6 points this year. Jack has 3 more years to fight for the Bulldogs.

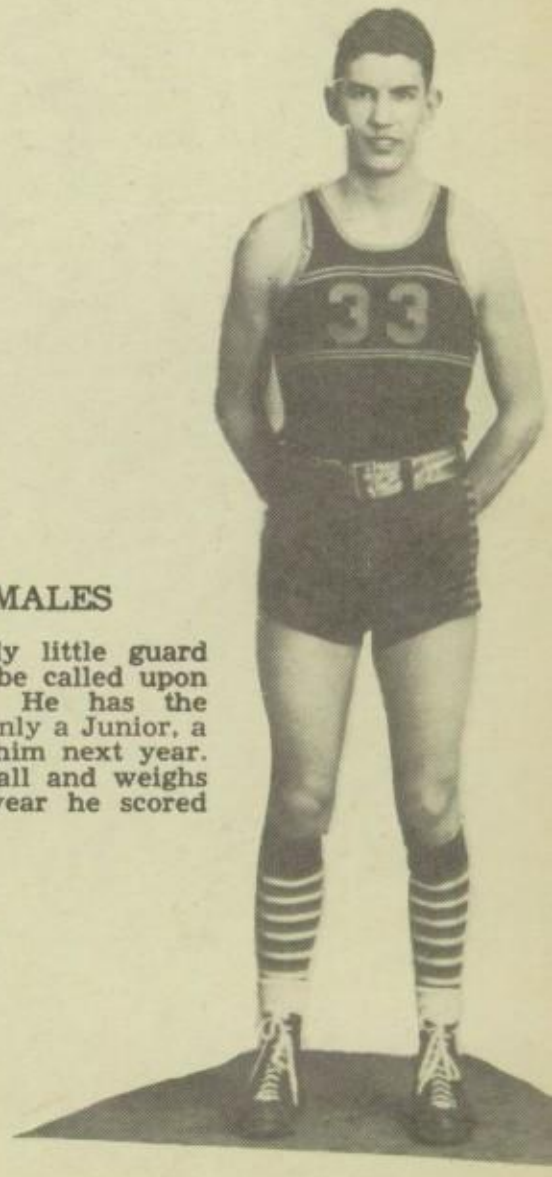
"Jack"



JAMES LAYTON

Although this is Jim's first year on the team he showed that he has the ability by working up to the first team. Jim is 5′ 10″ tall, weighing 170 pounds. Jim is only a Junior and you can expect a lot of him next year.

"Jim"



GEORGE MALES

Georgie, a speedy little guard who could always be called upon whenever needed. He has the ability, and being only a Junior, a lot is expected of him next year. Georgie is 5′ 10″ tall and weighs 135 pounds. This year he scored 53 points.

"Georgie"

First Row: Eugene Sylvester, student trainer, Hilbert Reddick, Phillip Halsey, Kenneth Woodward, George Males, Charles Baker, Halford Reddick, Norman Woodward, student trainer.
Second Row: Thomas Thomas, assistant coach, Eugene Gladback, Robert Land, Jim Layton, Henry Smith, George Parker, Max McCain, Orville Armstrong, coach.

THE LAPEL BULLDOGS

1942-1943

The 1942-43 edition of the Lapel High School basketball team proved to be one of the best teams we have ever had. We faced perhaps the most difficult schedules ever drawn up for a Lapel team. Some of the outstanding aggregations that we met were Batesville, Greenfield, Wiley, Bloomington, and Greentown. We did not win all our games but we made a showing worthy of praise.

Although the Bulldogs didn't start off in high gear, they captured the Pendleton Invitational Tourney for the first time.

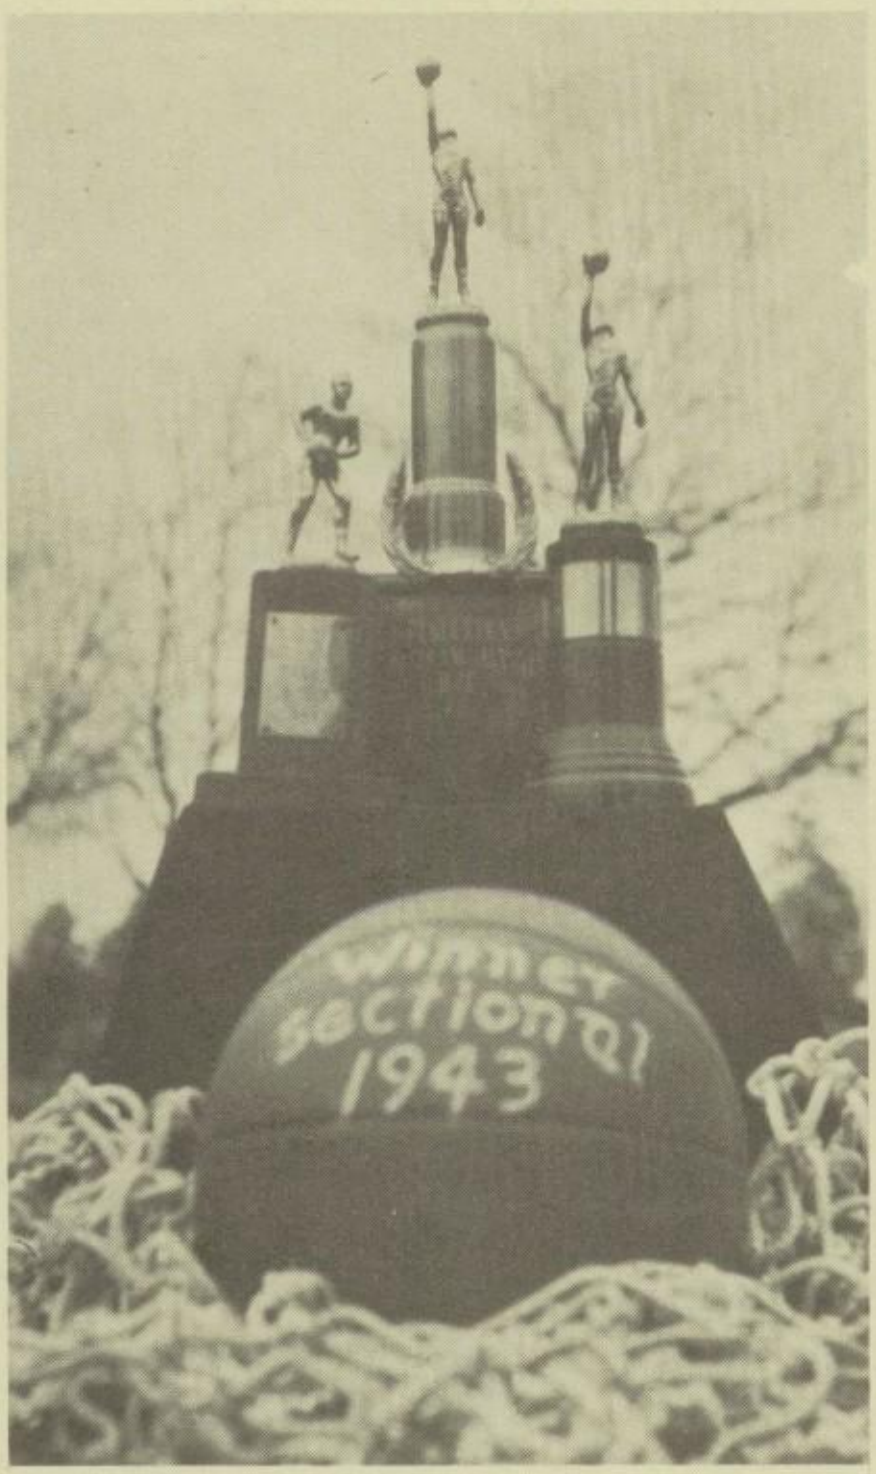
They entered the Sectional with 9 wins and the same number of losses, but they advanced to the finals where they defeated Markleville, 35 to 27, to help themselves to another Sectional crown.

In the Regional they gained the finals by defeating Plainfield, but were defeated by a tough Greenfield outfit.

Although Coach Armstrong loses four boys by graduation, next year's team has the material to go places.

"THE BOWLING ALLEY"

Although a privately owned concern, they have been very cooperative with the government physical fitnes program of the school. The program requires a competitive sport and bowling was chosen by the members of the classes. The addition of this indoor recreation is enjoyed by old and young alike.



TROPHIES

The 1942-43 season seemed to be one for collecting trophies. Two trophies, a basketball and two sets of nets were the prized collections of the Bulldogs.

The Bulldogs collected for the Pendleton Invitational, both first and second teams, and the Anderson Sectional.

The Junior High Terriers finished off their very successful season by winning their tournament.

The trophies from left to right are Second Team at Pendleton, First Team at Pendleton, and Junior High Tournament. The basketball and nets were from the Sectional.

First Row: Bill Rambo, Jack Howell, Bill Lewis, Donald Forrer, Jackie Sylvester, Bob Elston.
Second Row: Junior Moore, Davey Huffman, Pete Lewis, Donald Parker, Jim Graham.
Third Row: Dave Sylvester, Richard Barker, Coach Armstrong, Bob Ford, Keith Stinson.

JUNIOR HIGH BASKETBALL

The Lapel Junior High basketball team, under the direction of Coach Armstrong, enjoyed a most successful season by winning a large majority of their games. They also captured the Lapel Invitational for the second consecutive year.

Second Row: Robert Land, Ralph Noble, Robert Anderson, Orville Armstrong, coach, James Woodward, Junior Montgomery, James Troutman.

BASEBALL

The baseball squad will suffer the loss of four Seniors this year, Hank Gladback, Henry Smith, Bud Parker and Norman Bennett, but next year's team should be even better because of the material Coach Armstrong has left.

The standout performances of the season were Breece's and Woodward's respective batting averages.

THE SENIOR CLASS PLAY

Here's farce that's pure farce—farce based on a clever new idea. Imagine, if you can, a husky, handsome young man, very much alive, who believes himself dead—killed in an accident. Then go farther and imagine a beautiful girl who agrees with him. If you can conceive of such character you still can't imagine the plot of "The Late Mr. Early," for it's one of the screwiest, funniest plays it has been our privilege to present for a long time. Don Early is a reckless young fool who doesn't know the meaning of the phrase "Safety First." He's engaged to marry a sweet young thing who sits at home and trembles every time he goes up in his plane—a flimsy old crate he's patched together—risking his own life and his friend's for the sake of a few thrills. He's crashed once; he's crashed twice—and finally when he comes down for a third time, while skylarking with his girl friend's girl friend—well, that's just too much for his pals. They decide to teach both of them a lesson—and what a lesson it turns out to be. For the two of them are made to think they're ghosts—the ethereal halves of the bodies found in the wreck—wandering around, invisible, intangible, while plans are being made for their funeral. Improbable? Impossible? Of course it is, but the author has skillfully devised so many hilarious situations that from the first curtain to the last the audience did nothing but laugh.

THE JUNIOR CLASS PLAY

The play tells the story of the well-to-do Dodd family who have been invalids for many generations. Rodney Dodd, who thinks he, too, is an invalid is preparing for the visit of his wealthy, nervous aunt, Miss Myra Opal Dodd. He is surprised to find that she has brought with her a young and attractive traveling companion, Charlotte Allen, with whom he falls in love. After overhearing a telephone conversation between Doctor Bell and his wife, Rodney prepares to die. A series of unusual events follows. After everyone finds out that Rodney is not really going to pass away, things are in a state of affairs, until Jodwillow, the butler, remembering his invention of a sleeping medicine, ends the last scene by putting all involved to sleep.

THE SENIOR MADRIGAL

It has forty-six active members from the upper three classes. They have appeared in the Christmas program, the Good Friday services held at the United Brethren Church, and the baccalaureate services for the Seniors. They represented Lapel at the County Music Festival held at Pendleton. This group is under the direction of Mr. Karl Sargent.

THE JUNIOR MADRIGAL

This organization consists of twenty-seven members all from the Freshman class. The purpose of this organization is to prepare students for Senior Madrigal. They took part in the Spring Music Festival. They are under the direction of Karl Sargent.

THE GIRLS 4H CLUB

There are three 4H Clubs in Lapel High School. The oldest, "The Live Forever," and two other clubs made up of younger girls, "The Young Americans" and "The Jolly Pals." These clubs were represented in the county and district judging contest and county dress revue this past year.

THE BOYS 4H CLUB

The Boys 4H Club had a very successful year in spite of the war hampering their activities somewhat. They held six meetings this term. Their meetings were held to help some of the members out if they needed help and to set up their club. At the last meeting of the year they had a fine supper and elected their new officers. The 4H Club is made up of boys from their county that live on farms and are interested in raising farm products.

THE BOYS CHORUS

The Boys Chorus has twenty members and is made up of boys from the upper four grades. The boys have had a successful year under the teaching of Mr. Sargent, in singing all types of songs. They appeared before the student body in the Christmas program and the Spring Music Festival.

BAND

The band has thirty-nine members and four majorettes. They have played for the ball games, political rally, dedication of War Service Plaque, Christmas program, and the Spring Festival. They were unable to make outside appearances due to the war. They were outstanding in maneuvering on the floor at ball games. They are considered one of the best bands in the county. They have nine new members this year. Karl Sargent is band leader.

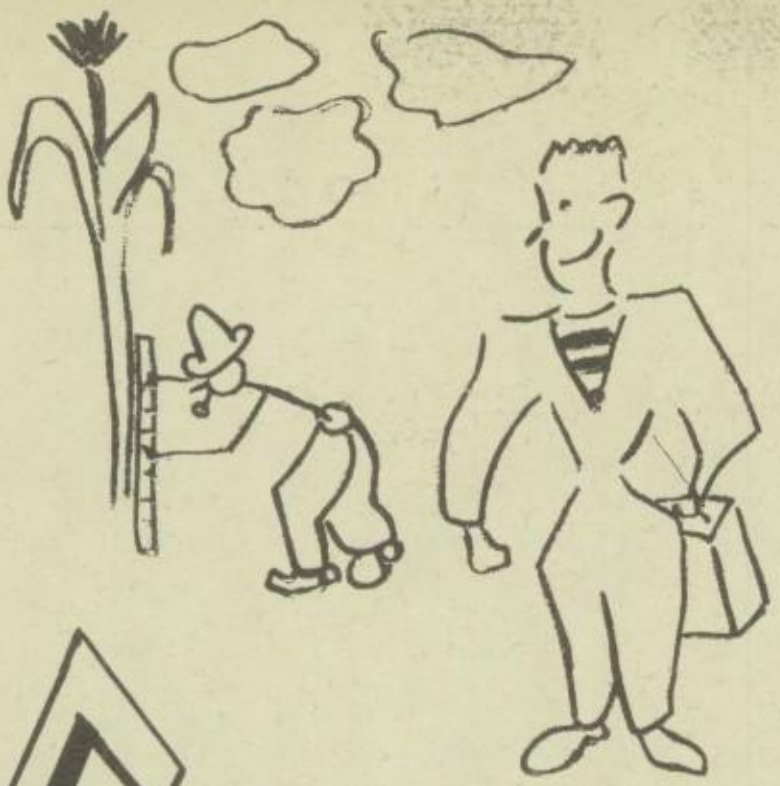
THE NEWS STAFF

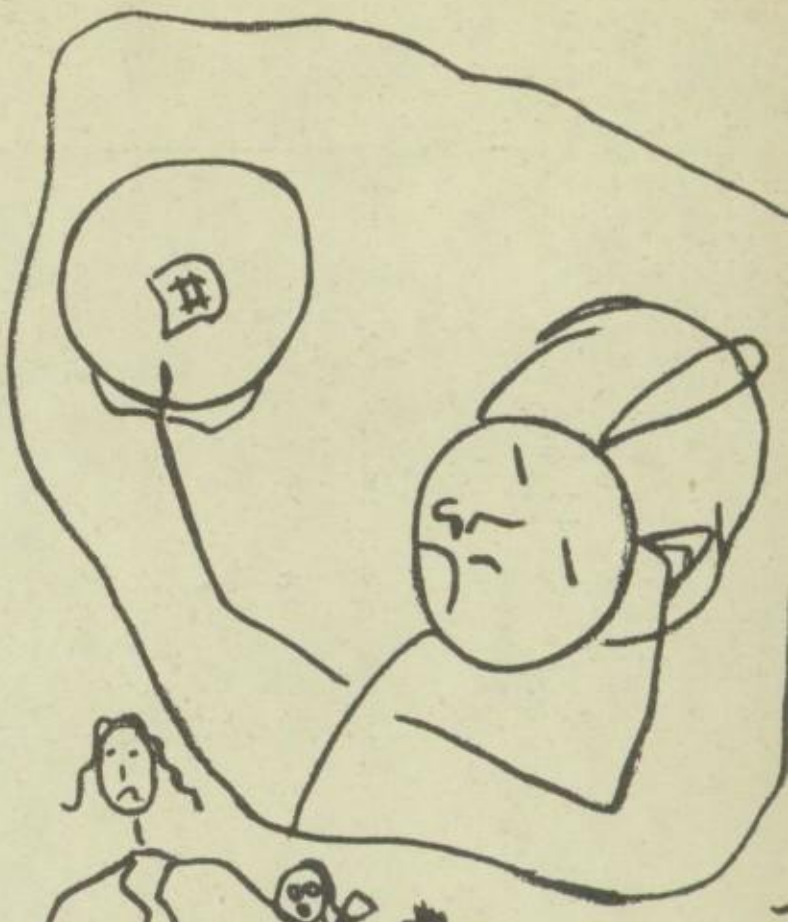
The News Staff was made up of the Journalism class under the teaching of Mrs. Noggle. They contributed school news to the Lapel News Journal which was the new Lapel paper. They ended up with a fine year's showing.

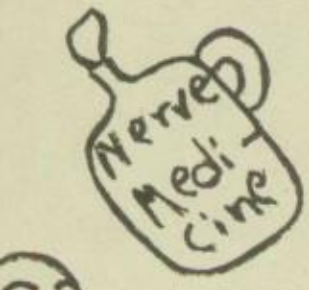
THE SUNSHINE SOCIETY

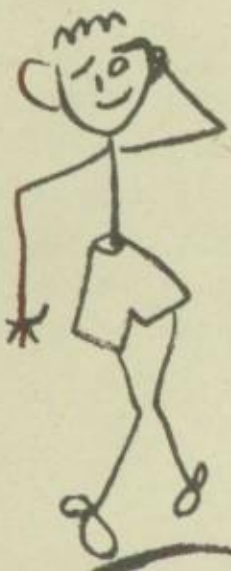
They have made a steady progress this season in spreading sunshine in different communities. They sent dolls to Riley Hospital, sponsored a dance, took care of Red Cross Christmas Seals and did many other interesting things throughout the year. Their sponsor is Mrs. Olivia Bourke Parker.

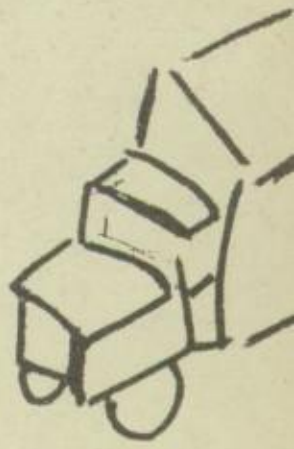
FEATURES

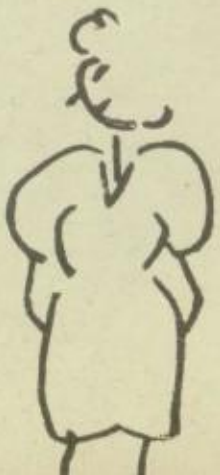












SENIOR CLASS HISTORY

In the Freshman class of '40, 70 green Freshmen were herded thru the year by Miss Bernice Graham and Maurice Woodward. Up till that time his was the largest class.

Miss Forsythe and Mark Williams took over the job of herdmen in '41 as Miss Graham was a nervous wreck and Mr. Woodward had been worried bald-headed.

As time moved on the Junior class of '42 started the year, minus two outstanding members, with a determination to have a class that Dorothy and Jim would be proud of. With the help of Miss Olivia Bourke and Mark Williams the class play and banquet were successful.

This year Miss Forsythe and Thomas Thomas are herding us to a photo - finish, neck-in-neck with success.

SENIOR CLASS WILL

We, the Senior class of '43, will to the teachers:

I, Thomas Thomas, will my 10 unruly shorthand girls to any one that will take them, on the condition that he never returns them to me.

SENIOR DIARY

Dear Diary:

Aug. 28. Here it is another hot sultry morning and I have to lay aside my work (?), clean up and go register for my last year in school. I wonder if the Freshmen will be as green and silly looking as last year.

Sept. 11. Today was the first day of school! Very tiresome, trying to sit still so long. Seemed so funny not to hear Mr. Walker crabbing about absentees for State Fair. Reason—no State Fair.

Oct. 1. Saw the prettiest little birdie today. Probably broke it, too. Group pictures were made. Strange to think that it is probably the last picture that will ever be made of that group as a whole.

Oct. 9. Two jewelry salesmen here today. Will be able to get our rings and pins, thank goodness!

Oct. 10. Class meeting and you know what that means! Fooled you though—no fight—agreed on everything.

Oct. 16. Opened Bond and Stamp sales campaign. No movie stars present but Mr. Jim Day, Co. Chairman of Bond Sales, was here.

Oct. 19. First assembly program. The highly publicized Bently Trio. O boy!! Our opinion—ugh!

Oct. 22-23. No school! Thanks to Teachers Association. Free to think up more mischief and the teachers are getting ideas on how to stop us. Wonder who will win?

Oct. 27. Class play and cast chosen. More work! The title arouses my curiosity "The Late Mr. Early." If he is late how can he be early? We'll find out!

Nov. 18-19-20. No school !Time out for gas rationing. Queer to stay home from school so the parents may go instead.

Nov. 20. Tonight is the night. Class play a success! I found out how Mr. Early was late!

Nov. 26-27. Thanksgiving vacation. Vacations are getting to be such a habit that next semester will be hard on a person because we'll have none at all.

Nov. 30. Shot again. Individual pictures taken. Saw a sky-blue pink bird and broke the camera all at the same time and I'm no superman either!

Dec. 14. The Home Ec. girls served a dinner for the bus drivers. From the outside lookin' in it smelled delicious.

Dec. 16. Tests and not semester exams either! The Juniors and Seniors took a government prepared intelligence test. I rather wonder what those men were thinking about when they made it out.

Dec. 24. Had a Christmas program this afternoon and were then dismissed for a 10-day furlough, excuse me, vacation.

Jan. 4. Back to school and really studying for exams. (Joke. Ha-ha.)

Jan. 7-8. EXAMS. Now, I wonder what the teachers were thinking about.

Jan. 11. The teachers spent today scratching their heads as we did Jan. 7-8. It was teachers' recording day.

Jan. 16. Pendleton Invitational. The Bulldogs did it again! We brought home everything except the Consolation prize!

Feb. 22. Sectional tickets sold today. They certainly did go like hotcakes. Everyone wanted to go but no chance to get tickets.

Feb. 25-26-27. Sectional time again. We won. O boy! On our way to the Regional! The Bulldogs played three games.

March 1. Too cold for snake dance. So we had a rollicking pep session.

March 1-2. Regional tickets sold. It seems that we will have a good support for the Bulldogs.

March 5. S.S.S. girls had charge of pep session. They put on an imitation of the players, coaches, and principal.

April 2. This is the Juniors' night to shine. Play given, received, and enjoyed!

April 27-28. EXAMS—I'm not taking exams, or am I? Sooner or later I'll be caught, or will I? I pity those underclassmen.

April 29. Teachers are recording the passes and the failures. Confidentially, I'm worried.

April 30. The last day of school. It sure feels swell now but what about next fall?

May 2. Baccalaureate. I am finally in sight of my diploma.

May 4. Commencement. After 12 very long, but still short years, I have received my diploma! I can no longer be called a member of Lapel High but I am now one of those talked-of Alumni.

Now, it is up to the Juniors,

The Seniors

THE LAPEL DAILY LIAR

VOL. XXX No. 123 APRIL 30, 1958 Price 39c

President Elected For U.S.A.

LADY MAYOR ELECTED

The Bulldog party by a hair's breadth gained a decision which installed Jean Mills, former Lapel student, as the first lady mayor of Perkinsville last night. Mayor Mills will take over her duties as mayor early this fall. In her campaign speeches she said she plans to wipe out vice and corruption which is allegedly run by the Perkinsville Perks. It will be interesting to see if Mayor Mills can carry out her promises.

GOVERNOR OF MISSOURI GIVES AID IN PRESIDENTIAL ELECTION

Governor Robert Fisher, formerly of this community, is given credit for helping President Byer gain his smashing victory. Governor Fisher has made several brilliant campaign speeches for the Bulldog party. For many years he has been in cahoots with President Byer. Mrs. Fisher, beautiful wife of Gov. Fisher, has been very active in her home state of Indiana. She was the former Norma Stinson of Barnum and Bailey circus fame. She was the tallest girl in the Unique States. Both Governor and Mrs. Fisher are very active members in the Bulldog party.

DISCOVERY MADE

Charles "Sherlock Holmes" Jones, Lieutenant in charge at Bulldog Yard, with the assistance of Evelyn "Dr. Watson" Huntzinger, has just made an amazing discovery. "Sherlock" Jones and "Dr." Huntzinger have discovered that the Speckled Band wasn't speckled, the Hound of the Baskervilles wasn't a hound and the Lennen family isn't the only family in Lapel. "Dr. Watson" Huntzinger, "Sherlock's" able assistant has given a great deal of help in this new discovery. The two are almost inseparable companions. "Dr. Watson" Huntzinger has also given aid in putting down a brawl between the Bulldog and Irish parties over the election.

IMPROVEMENT MADE AT FACTORY

Mrs. Melba Foland Cox is glad to announce the completion of the left wing of her 10-block factory. This wing includes a sun porch, beauty parlor, nursery and recreation rooms. The sun porch and nursery are to be used by all the little Coxes and the children under 5 years of age of all employed women. The beauty parlor and recreation room are to be used by all, men and women alike. The beauty parlor was included because of the Men's Labor Union demands.

ILLIGAN BRIDGE PARTIALLY COMPLETED

This impressive concrete and steel structure being built across Lake Michigan is now almost halfway finished. Architect, designer, and engineer, Charles Huffman is almost at a standstill in his plans, however. Architect Huffman realizing that "it don't mean a thing if you ain't got that swing" cannot get his massive brain child to swing it the right way. Any suggestions are greatly appreciated. He has realized, none too soon, that his bridge does not swing in harmony with the swing (jazz) of the world.

Designer Huffman is working day and night to solve this problem. He is now using "Chicago Jive" and "Basin Street Blues" for swing but any other contributions for such work would be greatly appreciated.

LOCAL BOY ELECTED

The Bulldog party is now in command of the nation. A former Lapel graduate is now the president of the Unique States. Before his brilliant campaign, he was a member of Kongress for 10 years, in which he fought for the passage of the Basketball bills 18, 19, 20. This won many friends for the Bulldog party.

The outstanding accomplishment of Mr. Byer is that he carried the "Solid South" including his home state of Indiana. Much credit is given to Governor Fisher because of his brilliant speech against the Irish party and giving the history of Candidate Byer.

An excerpt of the famous speech follows:

"My dear Friends, how can you be blind to the fact that the termite-eaten platform standing for shamrocks, and the wearing of the green of the Irish party, will not stand the test, the weight of even one year in the presidency.

"While our platform, I guarantee you, will stand the test of any amount of years that you could possibly require as proof, how could a platform standing for ham bones, meat balls, flea powder, and a dog-house for every dog be bettered?"

Born in 1925, President Byer spent 19 years in preparing himself for just such a position. He majored in Dogology, Sociology, and Economics. He attended Lapel Grade and High School, Tudor Hall and Stevens College (Junior College), Wellesley, Vasser, St. Mary's of the Woods, and having been kicked out of all, finally graduated from Brier Cliff College with dishonors. He has gained wide experiences from his contacts in these schools. We are sure he is qualified to lead the Unique States through any trials that befall this fair country.

NORMAN BENNETT HONORED

Norman Bennett, if you remember, acted as statistician of the Lapel Bulldogs in 42-43. When drafted into the Army, he was made the recorder of the war. He kept track of who shot whom, from where and if it was a direct hit. He completed his job so successfully that he is now practically covered with gold braid.

SCIENTIST HOME

Mr. Robert N. Turner is home after an absence of two years, in which he visited the Hawaiian Islands, and all the other South Sea Islands. The National Geographic Magazine Society heard the Service men tell about the "Hula" so much that it investigated this question. **"Do all Hula girls shake IT the same number of times per minute or are there variations?"** After filing a complete report, Mr. Turner made this public statement, **"There are variations."**

BRAWL CAUSE OF ACCIDENT

The local night club or hot spot (P—— Club), owned by the wealthy and notorious Hilbert Barker was the scene of a hair-raising fight between two lifetime friends. The well-known brewer, Henry Smith, grew very angry when "Owner Barker" tried to have him bounced from his establishment last night. Mr. Barker having tried to break his contract for "Blackbird's Bluebeard Beer" distributed by Mr. Smith, became frightened when Smith lost his temper and threatened suit. A terrifying fight ensued. The police were summoned by the complaining neighborhood. Mr. Smith heard the siren and ran out, jumped into his auto and started down the street. A tire blew out and the car hit a telephone pole. The car, a beautiful two-toned job with fluid drive, was completely demolished.

Smith was thrown from the auto and landed on his neck. Because of rubbernecking at the girls so much, his neck has become rubber, so Smith only bounced and was unharmed.

RECORD BROKEN

Raymond "Tarzan" Kramer has broken the record held by his predecessor, Tarzan. Last night at Madison Square Garden, "Tarzan" Kramer held two tons in each hand.

HOME FOR VISIT

Of interest to many people in this vicinity is the visit of Senator Doris Anderson Clark to her farm north of the city. Almost every spring Senator Clark sees fit to return to her beautiful home and husband. There will be a welcome-home party for her this evening. The Senator's beautiful daughter returned from Stevens College last night to take over the management of the farm for the summer months. Senator Clark will return in a few weeks to Washington, D.C.

COURT NEWS

Judge Ted "Cedric" Wainscott has been a very busy man the past few months.

Monday, Mrs. Geo. Parker filed suit for divorce, her charge being desertion. She claims that the only time George comes home is to eat and sleep. He always stays late to work (his work taking him to the theater where Woodward's Wonders are playing). Mrs. Parker, formerly Miss Joan Williams, says he expects her to keep his supper or get it at 3:00 A.M. after he comes in from a day's work. It is felt that she'll get it.

Tuesday, Judge Wainscott decided the amount to be paid singer Eugene (Nelson Eddy) Gladback by Esther Hoock of the Hoock's Transcontinental Truck lines, when she failed to deliver his trunks as she promised to do when she took them. They contained music, wigs, and costumes.

Wednesday, Judge Wainscott lowered the amount of alimony being paid to Doris Foehl by her former husband, wealthy Henry Graham. The reason for this reduction is this; one wife should be able to live as cheaply as the other. Miss Foehl was being paid $1,000,000 more than Graham's other wives. The names of his wives are: Goose-Ears Milburn, Frog-Eyes Huntzinger, Private McClasky, Power's Model Anderson, and Test Jumper Foehl. Because of all these dependents his gross income and income tax is very low.

Chef Ooton has been brought up before Judge Wainscott for disobeying orders from the government. It seems Chef Ooton is infatuated with Rose Sheller, a worker at Lockheed. Miss Sheller, who won $100 in a contest last week for whistling at men, demands quite a bit of attention from Chef Ooton. Not only is he neglecting his job but also hoarding meat for Miss Sheller. He was released after a thorough explanation and investigation.

TEST PILOT HONORED

Hilbert Reddick received high honors yesterday for testing his new invention of the "Triple-X Martin Bomber." He received medals for the following:

Six backward flips.
Eight nose dives (to the ground and back).
Two spiral rolls.

After he finished his last barrel-roll, he found that there was no gas.

Miss Foehl, who accompanied him, was the first to bail out. Hib was next. The plane landed two miles away from them. Thus the "Triple-X" was **X-X-X**. "X" marked the spots.

TRANSFER ORDER

General Leroy MacArthur Eisenhower Huffman has just been transferred from the Panama Canal Zone to the west end of the "Illigan" Bridge which is being constructed by Charles Huffman, his brother.

General L. M. E. Huffman, who started in the U.S. Army as a buck private, is now the most highly publicized and well-known general of our Unique States Army.

NEW SCHOOLHOUSE FINALLY

Because of the efforts of "Jailbird" Robert K. Turner, Manufacturer H. Graham and Singer E. Gladback, Lapel shall have a new school building.

It was disclosed today that the total fund needed to build a 400-room school building has been reached.

Graham and Gladback gave the whole sum which was netted from their winning of the Kentucky Derby, minus expenses, to put the fund over the top.

Robert K. Turner, the famous bank robber, gave all money that he could steal to this fund. He has served 10 years of his 75-year sentence. It is thought that he will be pardoned because of his good behavior. He is now a singing tenor in the "Jailbird Quartette" which gives weekly programs.

NEW FIND

Bruce Woodward, owner of the Wonders (follies), has announced that he has a new find. Woodward's rare eye for beauty has not been mistaken often so we are waiting to see her. He says that he has found a two-faced woman, name undisclosed.

POWERS MODEL MISSING

Miss Dorothy Anderson, famous Powers model, left April 5, for the "Ye Old Hang-over Resort" where she was going to model bathing suits, playsuits, sarongs, and hats for the movie stars on location there. She has not arrived and no word has been received from her. Her parents are very worried. It is thought that she may have eloped with her 250-pound chauffeur.

Miss Dorothy Anderson, born in 1925 near Lapel, became a Powers model two years after her graduation in '43. She has modeled clothes for many noted women, Mrs. F. D. Roosevelt, Duchess of Windsor, Queen Elizabeth, Madame Chiang, and Mae West.

CLARKSVILLE LASS LANDS BOONE, AT LAST

The Clarksville church was the scene of a quiet country wedding last Saturday when Lloyd Boone, after several attempts, made the whole length of the aisle and became hitched. The lovely bride entered on the arm of her father. She wore a beautiful white lace wedding gown and a white illusion veil ending in a slight train. She carried cornflowers and cowslips. Mr. Boone wore lovely blue overalls in the latest zoot suit pattern. He had a reat pleat on each side tapering into a lovely drape shape in the rear. The suit was designed by Bill Mills. He wore a boutonniere of goldenrods. Immediately after the ceremony, the couple left on a brief wedding trip to the "Belgian Balcony." After May 5, they will be at home on Mr. Boone's dairy farm north of the city.

ANNOUNCEMENTS

Miss Charlotte Milburn, having been divorced 10 times, has established a home for young divorcees at Reno, Nevada. They must not be older than 25 nor younger than 16. She is expecting many noted guests. It will be a gay spot; orchestra, cowboys, and plenty of jive will be found at "Goose-ears Nest."

Mr. and Mrs. Wayne Jarrett are the proud and happy parents of boy twins. They are so happy because now they have the needed number of boys for a basketball team.

Mrs. Jarrett had returned to Lapel to await the stork from the Hollywood movie set. She is the second Veronica Lake and Betty Gable combined.

PARACHUTIST FOEHL DOES IT AGAIN

Entertaining in her palatial ballrooms, Doris Foehl, well-known tester of parachutes, gave the most outstanding party of the season last evening to celebrate the election and also her famous jump which has broken all records. Her latest record for height is lacking only a few feet of ten miles. There were dining and dancing from eleven-thirty to late morning hours. Those of wide recognition attending the ball were: Misses Charlotte Milburn, Velma Renner, Esther Hoock, and Jean Mills.

Messrs. Eugene Gladback, Gene Newton, George Parker, Hilbert Reddick, and Bruce Woodward. Also Mesdames and Messrs. Gov. and Mrs. Robert Fisher, Mrs. and Mr. Charles Whitmill, Judge and Mrs. T. Wainscott. There were approximately five hundred guests.

ADVICE TO THE LOVELORN

By Joan (Williams) Parker

Dear Miss Williams:

I have found that my boy friend is very unreasonable when it comes to my talking to or even speaking to or really looking at another man. I am rather popular and it's hard for the boys to stop showing their affection for me. But on the other hand he still is friendly with other girls and I don't throw fits. Should I withdraw all my contacts with my male friends just to please him?

Inclined to be an Iceberg,
Rose Sheller

Dear Iceberg:

Don't you know that icebergs always melt? Just wait until some warm balmy breeze or tide in the shape of a man comes along, then see what happens! Melt, sister, melt!

Lukewarm,
J. W. P.

Dear Miss Williams:

How can I get a man? No one seems to know I'm alive but I **am** very much alive. What can I do?

Lonesome,
Red Renner

Dear Lonesome:

Don't worry about getting a man 'cause as soon as you get one someone will see that you don't have one! From what I've heard of your **S. T.** act you're very much noticed. Stop worrying.

Lonesome too,
J. W. P.

Dear Miss Williams:

Although I love my husband, he has some habits that are simply driving me crazy. I just can't live with him another month.

How can I possibly face the world after a divorce?

Worried,
Norma (Stinson) Fisher

Dear N. S.:

After a few divorces, you'll understand that facing the world with a divorce to your name is better than facing the world as a crazy woman.

Voice of Experience,
J. W. P.

Dear Miss Williams:

You have heard "A sailor has a girl in every port." How can I find out if I am in the principal port? I am fond of another man but I love the Navy boy. Should I take a chance and wait?

Waiting,
J. Waugh

Dear J. W.:

Have you heard of the show "The Navy Comes Through"? Why not take a chance and **wait** and **wait** and **wait?**

Tired of waiting,
J. W. P.

1,000 BUSHELS PER ACRE

Hick-farmer George Whitmill has found a way to raise 1,000 bushels of corn per acre. Although highly praised by his fellow men, he credits his success entirely to a new super-duper fertilizer, his own brand of hybrid corn and plenty of rain. The modest farmer says that he will sell this same seed corn for $24 a bushel. The only comeback is: no animal can digest it.

ANOTHER PROMOTION

Velma McClasky has been promoted. She joined the WAACS soon after school expired in the spring of '43. Her ability as a leader was recognized soon after she entered. Her promotions were Lieutenant to Sergeant to Corporal to Private First Class. Now she has finally gained the position that she has been working for, she is now Yardbird McClasky.

BULLDOGS RECORD TENTH STRAIGHT WIN

The famous and well-known Lapel Bulldogs rode to victory on a tide of fame last night in walloping their opponent, Pendleton Irish, in the final game of the annual state tournament.

You will remember that in 1944, Pendleton was shifted from the Madison County tourney to the Hancock County tourney.

The Bulldogs after a spotless season record, encountered plenty of tough opposition in tournament play. After gaining a brilliant victory in the local Sectional by skunking Anderson 50-0, they bumped into tough opposition in both Regional and Semi-Final play. However, they quickly overcame Shortridge 35-15 and Hammond 45-10. The most remarkable feature of the game was an upside down, backward shot landed by Dead-Eye Smith.

Coach Ford's team is truly a great team and Bill is a great coach. What other team in the state has had ten straight state victories? None! We challenge you schools of Indiana to match this record.

WINNER OF MARATHON

Donald Fisher, it has just been announced, is the winner of the National Chewing Gum Marathon. Mr. Fisher chewed his gum for twenty-three days and nights, not only winning the National Chewing Gum Marathon, but also breaking a fasting record by Mohandas K. Gandhi several years ago. Mr. Fisher is now in the Fishersburg hospital being treated for a broken jaw.

NEW ZOOT SUIT

Bill Mills, the Unique States most famous designer, has just completed his latest zoot suit.

This suit is especially designed for business- and workingmen, although it is adaptable to anyone.

This suit is designed with an air-conditioned heating and cooling system.

If the day is cool, you need only to press a button and the suit keeps you warm or vice versa. This suit has a best vest, drape shape, stuffed cuff, slipped hip, and a ripe stripe.

These suits must be bought directly from Mr. Mills. His address is:

William Mills
Beverly Hills,
Los Angeles, California

These suits are $500.

LATEST HAIR STYLIST GIVEN NEW POSITION

Gene Newton, the U.S.A.'s foremost hair and hat designer will leave his place of business (second floor of Belgian Balcony) to take the job of head stylist in the beauty shops at Cox's new 10-block factory just completed.

Mr. Newton, for years a famous hair stylist, has won thousands of prizes and ribbons for his hats and hair-dos. A caterer to the wealthy class, he has never sold a hat for less than $750. Mr. and Mrs. Cox feel quite lucky to be able to obtain such a famous personage for their shops.

Mr. Newton will style hats in his spare time.

DALE HERSBERGER RETIRED

We are sorry to have to announce that everyone's favorite wrestler has given up the ghost.

The public statement follows: "I have found that my ears are too easily held onto. My opponents have been winning all the matches because they pin me to the floor with them. I'm going to retire and start raising rabbits with smaller ears and black noses. Thanks for all the support you have given me."

HURT AT SUN VALLEY

Ski instructor, Eugene Stephenson, was injured last week while instructing a class of 30 beautiful WAVES in skiing. He was giving too much attention to M. B. and the other 29 mobbed him.

He is now at Sun Valley Hospital. He proposed to his nurse, Joan Waugh, but her heart belongs to the Navy.

He will be back at his old job in 10 days but he says, "Positively no women." Can you imagine that?

KENTUCKY DERBY

Dwight Whelchel, little sawed-off runt that he is, rode "Cedric," a beautiful bay plug, to a glorious finish yesterday afternoon in the mile and a quarter annual Kentucky Derby. The gold and silver trophy with a wreath and blanket of flowers was bestowed upon the little 75-pound jockey by Judge Wainscott of the bluegrass country, for whom the horse is named.

The horse "Cedric" is owned by Eugene Gladback and Henry Graham, wealthy men of national fame. Proceeds from the race netted them approximately $10,000,000, the odds being 20-1.

MAN ABOUT TOWN

By Julius Caesar

I wonder who the photographer was that was thrown out of the theater where Woodward's Wonders are playing now? It couldn't have been G. Parker stealing a shot at his favorite redhead, V. Renner (third from left, front row, in the snowball number), could it? I wonder?????

* * *

What famous test pilot and parachute tester are being seen together lately? Careful, Foehl, you've already had your parachute tangled once. You're still collecting alimony from playboy manufacturer H. Graham, aren't you?

* * *

What famous truck-line owner lost her boy friend's "trunks" last week? Listen, Gladback, I hate to see a swell singer and comedian like you get "Hoocked." Make her come across with those trunks.

* * *

What "naughty girlie" show owner has been seen in favorite night spots with his leading lady? Tread lightly, Woodward. Don't you know you can't mix business with pleasure?

* * *

What champion wrestler is retiring from the public eye because of personal remarks about him?

* * *

What's matter, Champ Hersberger? Rabbits and donkeys haven't given up, why should you? But of course, you're not a rabbit or a donkey, are you? (Ears were made to hear with, not to wiggle, Dale.)

* * *

I wonder who the local strong man is lifting now? They say there is an attraction between redheads; better watch your No. 3 front-line girlie, Woodward. R. Kramer has a way with weights and women, we know.

* * *

Whose wife was visiting the pictorial offices of Life and Time last night? She thought he was working late. Ha, ha. Mrs. Parker may be Miss Joan Williams before long. Threat?? She's already writing advice to the lovelorn column.

* * *

A certain local brewer, H. Smith by name, was asked to leave quietly from the local P——— Club last night. I guess club-owner Barker left orders not to let him in, and they used to be such good friends, too. T'st, t'st.

We are dedicating this space to one who has given his life for the service of his country. We reverently pay tribute to Emmett Whetsel, who was killed in action on March 10, 1943, on the North African Front. We hope and pray that through the grace of God there will be no need to add other names to this one.

Smoking in the school was strictly forbidden, but Henry S. and Dale sneaked away from the assembly for a puff or two in the boiler room. As they blew blue rings into the atmosphere, Mr. Thomas happened past. He stopped, sniffed the air, eyed two half-smoked fags on the floor and asked: "Whose cigarettes are those?"

"Yours," smiled the boys. "You saw them first."

Do you remember the Senior boy who, when asked what he did with his wages, answered: "Part went for liquor, part for women and the rest I spent foolishly."

"Now I can look General MacArthur straight in the eye," Lloyd Boone commented as he purchased a 10-cent War Stamp.
